FY 2015 OHS ERSEA Protocol: Overview ................................................................. 3

ERSEA Key Indicator #1 - Attendance ..................................................................... 4

ERSEA Key Indicator #2 - Eligibility ...................................................................... 5

ERSEA Key Indicator #3 - Enrollment ................................................................. 8
Overview

The ERSEA Protocol guides the ERSEA portion of a grantee’s Fiscal Integrity/ERSEA Review. This protocol guides assessment of the program’s practices for verifying the eligibility status of children, families and pregnant women receiving the program’s services, and for ensuring the appropriate enrollment of children into the program. Programs also are responsible for monitoring children’s attendance and offering families support as needed in instances where attendance is an issue. By assessing program performance in this area, the OHS strives to ensure that programs implement practices to assess their communities and recruit and enroll children and families who are most in need, including families at or below the poverty line, children with disabilities, families that are homeless, and pregnant women.

Organization of the Protocols

Key Indicators (KIs)

The Protocols organize content into key areas of performance, referred to as Key Indicators (KIs). The OHS assesses performance across specific measures within each of these key indicators. The Key Indicators included in the ERSEA protocols are as follows:

1) Attendance and Participation: The program monitors daily attendance and supports families whose children are repeatedly absent.
2) Eligibility: The program verifies eligibility and enrolls children and pregnant women according to Federal regulations.
3) Enrollment: The program has practices in place to ensure maintenance of funded enrollment and at least 10% of the program’s enrollment includes children with disabilities.

Compliance Measures

Each Key Indicator (KI) contains a series of Compliance Measures (CM). CMs are specific statements that collectively assess the level of program performance for each KI, focusing on one or more Federal regulations critical to the delivery of quality services and the development of strong systems.

Targeted Questions

Targeted Questions (TQ) for each compliance measure are designed to provide guidance to on-site reviewers and to ensure a standardized method for evidence collection. TQs indicate the people to interview, questions to ask, and information to retrieve from documents.
ERSEA

ERSEA Key Indicator #1 - Attendance

| 1.1 | When monthly average daily attendance in center-based programs falls below 85 percent (except in the case of illness or well-documented absences), the causes of absenteeism are analyzed, and the program initiates appropriate family support as needed. Note: Applies only to programs with a center-based program option |
|     | 1305.8(a) 1305.8(b) |

Targeted Questions

ERSEA Coordinator - Interview

► With the ERSEA Coordinator determine if the program has any concerns related to attendance.

• How does the program identify children who are absent 4 or more days?
• How many children have been absent 4 or more days this year?
• What contact did the program provide to parents to determine the reasons for absenteeism?

► Has attendance fallen below 85%?

• How often has the program fallen below the 85% target?
• What analysis was completed when the program did not meet the expected target?
• Was a plan developed to improve attendance and did attendance improve?

ERSEA 1.1
## ERSEA Key Indicator #2 - Eligibility

| 2.1 | Program staff verified each child’s eligibility and included in each file a statement signed by a program employee identifying the child's eligibility category and the documents examined to determine eligibility. 
*Note: Signed statements may list one of the following acceptable forms of proof of eligibility: individual Income Tax Form 1040; W-2 forms, pay stubs, pay envelopes, or employers’ written statements; documentation showing current status as recipients of public assistance; and declarations of zero income. Also, note that homeless children and foster children are categorically eligible.* | 1305.4(c) 1305.4(d) 1305.4(e) |
| 2.2 | The program enrolls children who are categorically eligible (who fall within defined income-eligibility requirements). 
Defined Eligibility Requirements include:
• Family income is below the poverty line
• Family or child receives public assistance (SSI and TANF)
• Family is homeless
• Child is a foster child

Additional income-eligibility requirements:
• Ten percent of children enrolled in the program may be over the income threshold
• An additional 35 percent of children who are not categorically eligible may be from families whose income is between 100 and 130 percent of poverty
*Note: Being a recipient of food stamps does not in and of itself make a child eligible for the Head Start program. Note: Does not apply to American Indian or Alaska Native grantees* | 645(a)(1)(B)(iii)(I) 645(a)(1)(B)(iii)(II) |
| 2.3 | American Indian/Alaska Native programs ensure that children who meet the following requirements are enrolled before enrolling more than 10 percent over-income children:
• All income-eligible children who wish to enroll living on the reservation
• All income-eligible children who wish to enroll and are native to the reservation but living in non-reservation areas
• All income-eligible non-American Indian children whose families wish to enroll if the non-reservation area is not served by another Head Start program
*Note: Applies only to AIAN programs* | 1305.4(b)(3)(i) 1305.4(b)(3)(ii) 1305.4(b)(3)(iv) |
Targeted Questions
Child File

Summary Results for Review of Signed Statement Form:
► Is there a statement in the file verifying the child’s eligibility?
► Is the statement verifying the child’s eligibility signed by a program employee?
► Did the statement indicate which documents, in accordance with 1305.4(d), were examined to determine whether the child was eligible to participate in the program?
► Is there source documentation in the child’s file?

ERSEA 2.1

Targeted Questions
Child File

Summary Results for Review of Signed Statement Form:
► In which eligibility status did the program enroll the child?
► Using the documents present in the child file, re-determine the child’s eligibility status. Did the program enroll the child using the correct eligibility?
► In which eligibility status should the program have enrolled the child?

ERSEA 2.2

Targeted Questions
Child File

Summary Results for Review of Signed Statement Form:
► In which eligibility status did the program enroll the child?
► Using the documents present in the child file, re-determine the child’s eligibility status. Did the program enroll the child using the correct eligibility?
► In which eligibility status should the program have enrolled the child?

ERSEA 2.3
Interview the ERSEA Coordinator about the program's enrollment process. Ask him or her to describe the program's enrollment process in detail and provide you with information on how enrollment decisions are made.

Prior to the program enrolling children whose families exceed the low-income guidelines, the AIAN program must ensure that:

- All children from Indian and non-Indian families living on the reservation that meet the low-income guidelines and who wish to be enrolled in Head Start are served.
- All children from income-eligible Indian families native to the reservation but living in non-reservation areas approved as part of the Tribe's service area, who wish to be enrolled in Head Start are served by the program.
**ERSEA**

**ERSEA Key Indicator #3 - Enrollment**

| 3.1 | Actual program enrollment is composed at least 10 percent of children with disabilities.  
*Note: Programs are expected to reach the 10 percent requirement at any point during the program year. For reviews occurring between October and January, the program must have reached 10% at any time during the previous program year. For reviews occurring between February and September the program must have reached 10% at any time during the current program year.* | 1308.5(c)(1)  
1308.5(c)(2)  
1308.5(c)(3)  
1308.5(c)(4)  
640(d)(1) |
|-----|---------------------------------|---------------------|
| 3.2 | The program enrolled 100% of its funded enrollment and ensures an active and ranked waiting list is maintained at all times. | 642(g)  
 |

**Targeted Questions**

**ERSEA Coordinator - Interview**

- With the ERSEA Coordinator, review the program’s enrollment documentation and ERSEA tracking system to determine the percentage of children with disabilities enrolled in the program (actual enrollment).
  - If the on-site monitoring review occurs between October and January of the current program year, ask the ERSEA Coordinator to provide enrollment documentation confirming the actual program enrollment for the previous program year was at least 10 percent children with disabilities.
  - If the on-site monitoring review occurs between February and September of the current program year, ask the ERSEA Coordinator to provide enrollment documentation confirming the actual program enrollment for the current program year is at least 10 percent children with disabilities.

ERSEA 3.1
Targeted Questions

ERSEA Coordinator - Interview

► With the ERSEA Coordinator, review the program’s waiting list to determine whether the list is active. Confirm with the ERSEA Coordinator the list is maintained throughout the year.

Note: If a program is under enrolled, it is not required to maintain a waiting list; however, this does not preclude the program from having selection criteria and a process for the creation of a wait list.

► With the ERSEA Coordinator, review the program’s enrollment reports for the last 12 months of operation. Determine whether actual enrollment was less than funded enrollment, how long the shortfall existed, and whether the program submitted the reason for any existing enrollment shortfall in its report to ACF. Document the date the shortfall occurred, if submitted to ACF, the reasons submitted, and any additional correspondence with ACF.

If there are inaccuracies in reporting, or reasons for under enrollment have not been submitted to ACF, ask the ERSEA Coordinator to explain why.

► Was the program under enrolled at any point over the past 12 months?

► Did the program report the reasons for under enrollment to ACF?

ERSEA 3.2
