

Managing Head Start Real Property, Facilities, and Equipment

December 7-8, 2022

Florida Hotel & Conference Center
Orlando, Florida

The Head Start Performance Standards and the Uniform Guidance (45 CFR Part 75) include regulations for acquiring and managing facilities and equipment.

- **Acquire:** The Performance Standards provides requirements for requesting funds for the purposes of major renovations, purchases, and construction of facilities used in the provision of Head Start and Early Head Start services. Additionally, the Uniform Guidance provides regulations for managing equipment acquired in whole or in part with federal funds.
- **Managing:** The Uniform Guidance provides regulations to manage facilities and equipment, records, maintenance, inventory, and disposition.

Managing Head Start Real Property, Facilities, and Equipment addresses the development of an application for funding to acquire equipment and facilities and the internal control to ensure the facilities and equipment are used solely for the authorized purposes.

Participants will engage in a series of hands-on activities designed to ensure the non-Federal entity develops and submits a high-quality application, including a budget that addresses all requirements for equipment purchases and installation, renovations, and construction. Requirements such as Davis-Bacon compliance will be fully addressed and the federal requirements for protection of the federal interest.

This in-depth workshop sells out quickly, so be sure to register early. The Office of Head Start has invested millions of dollars in the areas of equipment and facilities. If you are interested in your organization's accountability of its facilities and equipment, this training addresses your needs. Once you attend this workshop, you will leave with the tools to do one of the following: Improve your existing facilities and equipment management system or be able to develop a structured facilities and equipment management system.

The Standard Registration Fee is \$525 per person. Members of **T/TAS@Your Service** may qualify for the Subscriber Rate of \$450 per person. (Please visit www.ttas.org for information on how to become a subscriber.) For details on registering, including information on earning 1.075 Continuing Education Units (CEUs) for this event, please see page 3.

Learning Outcomes
