

## 2021 Head Start Community Assessment A Virtual Event

**May 11, 2021 – Begin Independent Study & Assignment**  
(see brochure Agenda, page 2)

**May 18, 2021 – Live Zoom Session: 9:00 AM – Noon CT**  
(10 AM-1 PM ET|8-11 AM MT|7-10 AM PT)

**May 25, 2021 – Live Zoom Session: 9:00 AM – Noon CT**  
(10 AM-1 PM ET|8-11 AM MT|7-10 AM PT)

Head Start and Early Head Start programs are required to align program activities conducted through program services with issues found within the community. In fact, 5-year grant applications, DRS applications, and new grantee applications have the requirement that program design (based upon community issues) be tied to the approach to service delivery.

The grant applications are asking for long-range goals; objectives and program impacts; programmatic and fiscal long-range goals; and short-term objectives to be accomplished during the 5-year period. These must be identified for each year of the 5-year grant. Related to this must be the community-wide strategic planning and needs assessment (including priority service areas, special populations, and health needs).

Head Start and Early Head Start programs are expected to provide services that meet the requirements of the Head Start Performance Standards while also meeting local needs and drawing upon local strengths. In order to document that they are adequately addressing local issues, Head Start and Early Head Start programs are required to conduct a Community Assessment once every five years with updates as needed in the intervening years.

When programs have difficulty with their Community Assessment, the challenges tend to fall into one of the following categories: (1) obtaining the useful data; (2) conducting analysis of the information; and/or (3) using the data and analysis to justify their program's existence and service delivery methods. This **2021 Community Assessment** workshop is designed to assist staff in these problem areas.

When programs have difficulty with their long-term plans and short-range objectives, it is usually due to a disconnect between what the programs wants to do for the future and what the program is doing in the present. This insightful workshop is designed to aid program managers as they attempt to design their program's future and identify the goals for their next 5 years.

The **2021 Community Assessment** is also designed to assist programs in identifying community needs and potential issues, and document those which will enter into the local program's planning process and those which will be beyond the range of services. Attention will be paid to inserting community issues into program services plans and identifying potential impacts that community issues may have for the program's operational environment.

The Standard Registration Fee is \$425 per person. Members of **T/TAS@Your Service** may qualify for the Subscriber Rate of \$375 per person. (Please visit [www.ttas.org](http://www.ttas.org) for information on how to become a subscriber.) For details on registering, including information on earning 0.8 Continuing Education Units (CEUs) for this event, please see page 3.

### Learning Outcomes

- ★ Participants will gain an understanding of the Community Assessment requirements of 45 CFR 1302.11.
- ★ Participants will also learn about the Community Assessment requirements of 5-year plans.
- ★ Participants will explore methods for estimating full day/full year needs.
- ★ Participants will be provided information on how the Community Assessment and its updates need to be used within the program and shared with the Board and Policy Council for the reviews.

## Your Presenter

**J. Christopher Watkins, MA, MBA**, Executive Director of T/TAS, and Management & Finance Specialist, has a wealth of experience in providing training and consultation to Head Start grantees and is an expert in the areas of community assessment, strategic planning, and program evaluation. He has developed and presented hundreds of management and supervision workshops throughout the U.S., including annual seminars on the Federal monitoring review process. He has a Certificate in Non-Profit Management from Duke University, an M.A. in Economics from American University, and a B.A. in Government and an M.B.A. from Western Kentucky University.

(T/TAS reserves the right to substitute presenters.)

## IMPORTANT Participation and Technology Information Required to Participate

- ★ *We highly recommend participating from a [desktop or laptop computer](#), as opposed to a mobile device, for the best participation and audiovisual experience. A high speed internet connection is recommended as the training may be bandwidth intensive at times.*
- ★ Participants must register individually and must have a valid and active individual e-mail address to participate. Groups of individuals cannot participate using a single e-mail address.
- ★ This event will require you to access the T/TAS learning management system, **Adobe Captivate Prime**.
  - Participants will be sent an email before the start date which will provide a link to login to Captivate Prime.
  - The first time you use Captivate Prime, you will be required to use your email address to create an Adobe ID (if you already have an Adobe ID connected to your registered email address, you can use your current Adobe ID). Your T/TAS Captivate Prime account is a free service provided as part of the online course or virtual event, and you can use the same Adobe ID for future T/TAS events.
  - After you sign in to Captivate Prime, you will be able to access the event dashboard to download the agenda, the live Zoom Webinar URLs, any PDF materials, or suggested external resources.
  - If you will be accessing the training on a *desktop or laptop computer*, you will not need to download any Captivate Prime add-ons.
  - If you will be accessing the training on a *mobile device*, you will need to install the free Captivate Prime mobile app to participate.
